Faster Payments – Bringing Payment Processing Into the 21st Century

June 2010

Damian Ward, Vocalink

This article on Vocalink's Faster Payments Service in the UK has been removed. The service has processed more than 1 billion transactions since its launch in the UK in 2008. It has undergone continual development and innovation, enabling Vocalink to take its expertise in real time payments to global markets. If you have any enquiries regarding the UK Faster Payments Service, please contact Kris Kubiena, Consulting International Sales Director via kris.kubiena@vocalink.com
